

Filux SHARPENING MACHINE FOR KNIVES AND SCISSORS

FILUX's simplicity and grinding power make it the ideal option for any professional who wants to have his or her **knives immediately sharp**. FILUX allows you to maintain an optimal cut, easily and safely.

TEMECCA has combined its expertise and technology to create a **compact, robust, long-lasting and effective** machine.

- Sharp 1 knife in less that 1 minute.
- Both sides are sharpened at a time.
- Double face CBN grinding wheels.
- Great cutting edge results.
- Steel does not heat up.
- Metal and stainless steel housing.
- Silent and vibration-free.
- Experience is not required.
- Highly durable grinding wheels.
